Three programs. One standard of care.

Clinical infrastructure that keeps patients stable, supported, and at home.

Assure Health Group
HOME HEALTH & HOSPICE

Heart Failure Program

American Heart Association certified

The only agency in Illinois with this certification.

Certification earned through documented heart failure outcomes — not by application.

FOR PATIENTS

- Consistent, protocol-driven CHF care
- Smooth transitions from hospital to home
- A dedicated CHF program manager

FOR PROVIDERS

- Mirrors your hospital CHF protocols
- Outcomes documented and audited annually
- AHA-certified clinicians on every visit

0.4%

CHF readmission rate against an 8.4% national benchmark

Chronic Care Management

Powered by Vital Signs Wellness

Coordinated management of long-term conditions, between the visits where most decline happens.

FOR PATIENTS

- Monthly check-ins between doctor visits
- Medication reconciled after every change
- One care plan shared by all your providers

FOR PROVIDERS

- Care-gap closure for quality measures
- CCM codes captured and documented
- Fewer between-visit escalations

4.18%

All-cause 30-day readmission vs. 12.64% Illinois average

Remote Patient Monitoring

Powered by Vital Signs Wellness

Daily physiologic data from the home, reviewed by licensed clinicians.

FOR PATIENTS

- Daily vitals from home — no travel
- A nurse reviews your numbers every day
- Early warning before symptoms worsen

FOR PROVIDERS

- Trend data between encounters
- Threshold alerts routed to your team
- Reimbursable under RPM codes

24/7

Clinical oversight with daily vitals and real-time alerts
